

# QH SERIES QUICK-HITCHES

HITCH  
Cat. 1 Subcompact,  
Cat. 1, 2, 3

HITCHES

## Quick Hitch SYSTEM The True Timesavers.

Our Quick-Hitch Systems fit most Land Pride products and are a real time saver when working on multiple projects. Look for this Quick-Hitch System logo to denote applicable products throughout our product line.

Land Pride's patented QH05 Quick Hitch is specifically engineered for subcompact tractors and speeds implement changes, allowing more time to get chores completed. The QH10 & QH15 are designed for Cat. 1 tractors while the QH20 fits Cat. 2 and the QH30 fits Cat. 3.

An optional link is available for implements that have a floating top link allowing unit to follow the contour on the ground.

	QH05	QH10	QH15	QH20	QH30
<b>3-Point Hitch</b>	Cat. 1, Subcompact*	Cat. 1	Cat. 1	Cat. 2	Cat. 3
